

# FALCON 900

MAX RANGE  
**3,995 NM**

MAX SPEED  
**500 KTS**

PASSENGERS  
**14 PEOPLE**

LUGGAGE CAPACITY  
**2,866 LBS**

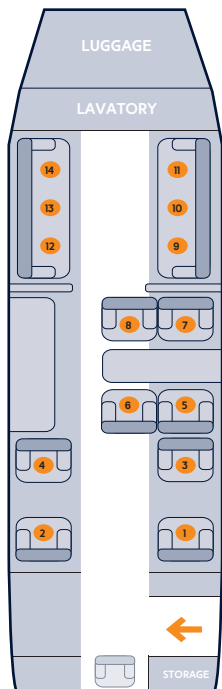

ON BOARD  
**WIFI**

The Falcon 900 is able to complete intercontinental flights, and still maintain a short take-off distance providing a great balance between speed, range and payloads. The roomy cabin on this aircraft, measuring more than thirty-three feet long, is configured with eight individual seats and two couches allowing the passengers ample space to relax, work and sleep in comfort.

The three engines provide ample thrust on takeoff to perform well at altitude airports and short runways. The aircraft has been fully updated, and has state-of-the-art cabin amenities, electronics, unlimited domestic and L5 Advanced System with Streaming Ability that is pay for use.
