

FALCON DA 50

MAX RANGE
3350 NM

MAX SPEED
468 KTS

PASSENGERS
9 PEOPLE

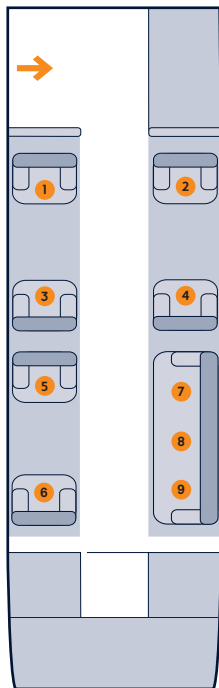

LUGGAGE CAPACITY
115 FT3

ON BOARD
WIFI

The Falcon 50 is a super-midsize, long-range business jet able to complete intercontinental flights, and still maintain a short take-off distance providing a great balance between speed, range and payloads. The roomy cabin on this aircraft, measuring more than twenty-three feet long, is configured with 6 individual club chairs and a 3-place couch allowing the passengers ample space to relax, work and sleep in comfort. The three engines provide ample thrust on takeoff to perform well at altitude airports and short runways.
